F. A. LEE.

A BIG DEMONSTRATION

The Democrats Have a Great Time at Indianapolis.

AN IMMENSE PARADE

Bryan in Wisconsin Making Speeches and Roosevelt Invading Bryan's State—The State Election in Georgia.

Indianapolis, Oct. 4.—The city of Indianapolis last night presented a scene of Democratic festivity. From the various buildings in the business portion American flags and streamers of bunting were flung to the breeze, while prominently among the decorations were portraits framed in electric bulbs of distinguished leaders of the Democratic party displayed.

At 8 o'clock a parade of all the Democratic clubs and delegates marched through the streets while thousands of people lined the sidewalks and cheered. The display of Democratic enthusiasm was rendered more preposterous by the hundreds of Greek fire candles burned along the city thoroughfares in addition to sky rockets and other fireworks in profusion. The city was entirely in the hands of the Democrats.

The multiplicity of transparencies in the parade and the various colored uniforms of the different Democratic clubs added greatly to the spectacular splendor of the occasion.

The programme for the opening session of the convention as officially announced was changed just prior to the hour of meeting. President W. R. Hearst was expected to be present to preside, but telegraphed that he was ill and unable to attend. The convention was therefore called to order by Senator James K. Jones, chairman of the national Democratic committee. Mayor Taggart was introduced and made an address of welcome, which was briefly responded to by J. R. Rice of Canton, O.

Organization was effected by electing Thomas Taggart temporary chairman, F. H. Ihmsen of New York secretary, W. J. Pollard of St. Louis reading clerk and Myron D. King of Indianapolis sergeant-at-arms.

At this juncture Adlai E. Stevenson was escorted into the hall by a band and his appearance set the convention into a pandemonium of applause. The demonstration lasted for sometime after Mr. Stevenson had taken his seat on the rostrum, and while he had not intended to speak, he finally yielded to the clamor and thanked the people for the welcome in his behalf.

The convention adjourned at 5 o'clock for the parade.

At the night session there was a big crowd and a number of short speeches were made.

The convention met again at 9 o'clock this morning.

"Second Day's Proceedings.

Indianapolis, Oct. 4.—Forenoon session of the National Association of Democratic Clubs did not begin until 10:30 o'clock this morning. Governor McMillin of Tennessee presided.

The report of the committee on permanent organization submitted to the convention, recommended the following officers to be elected. W. R. Hearst, president; Max F. Ihmsen, secretary; and Marcus Daly, treasurer.

It was also recommended by the committee that the executive committee be increased to 43, one member from each state.

The convention took up the report of the committee on permanent organization and an animated discussion followed the recommendations of the committee to increase the membership of the executive committee.

It was unanimously decided not to increase the membership. The balance of the report of the committee on permanent organization was adopted.

The report of the committee on resolutions was presented and adopted. They commend the Kansas City platform, denounce the administration for permitting two republics in South Africa to be destroyed without a protest, condemn the failure to vigorously prosecute those mixed up in the Cuban fraud, proclaim sympathy for anthracite coal strikers and assert the election of McKinley would mean perpetuation of war taxes, entangling alliances with monarchies of Europe and colonial exploitation in remote parts of the world, compelling increase of the national debt and enforced military service and declare the election of Bryan will mean the salvation of the country.

Brief addresses were made by Mrs. Eva McDonald Vallish of Washington, D. C., and Mrs. Maria E. Walker of Chicago, president of the National Woman's Bryan league.

M. L. Lockwood of Pennsylvania, president of the National Antitrust league, also spoke. At the conclusion of Mr. Lockwood's address the convention

recessed.

The speakers of the afternoon were Adlai E. Stevenson and William J. Bryan. Mr. Bryan arrived at 3 o'clock.

Belmont Nominated for Congress.

New York, Oct. 4.—Nominations for congress were made by Democrats last night in all the districts in New York county. The results were as follows:

Seventh district—Nicholas Muller, re-nominated.

Eighth district—T. J. Creamer, now an assistant corporation counsel.

Ninth district—Henry M. Goldfort, to succeed Congressman T. J. Bradley.

Tenth district—Amos Cummings, re-nominated.

Eleventh district—William Sulzer, re-nominated.

Twelfth district—O. H. P. Belmont, to succeed Jefferson M. Levy.

Fourteenth district—John Sprunthill, to succeed William Astor Chanler.

Fifteenth district—Jacob Ruppert, Jr., re-nominated.

Probably the most notable nomination of the night was that of O. H. P. Belmont. He is about 40 years of age and was married to Mrs. Alva Vanderbilt in January, 1896. His father was the late August Belmont, and he is a grandson of Commodore Oliver Hazard Perry Vanderbilt. He has always been a Democrat and supported Mr. Bryan four years ago.

Election in Georgia.

Atlanta, Oct. 4.—Reports received from all parts of the state indicate that the Democratic majority in the general election for members of congress, state officers, members of the general assembly and county officers will be about 50,000. No opposition developing against the Democratic nominees except in a few counties where the Populists organization is strongest.

The Democratic state officials elected are as follows:

Governor—Allen D. Candler.
Secretary of state—Phil Cook.
Attorney general—J. M. Terrell.
Comptroller—W. A. Wright.
Treasurer—R. E. Park.
Commissioner of education—G. R. Glenn.
Commissioner of agriculture—O. B. Stevens.

Massachusetts Republican Ticket.

Boston, Oct. 4.—The Republican convention here nominated state officers as follows:

Governor—Winthrop M. Crane.
Lieutenant governor—John I. Bates.
Secretary of state—William O. Olin.
Treasurer—Edward E. Bradford.
Attorney general—Hosea M. Knowlton.

Spurs for Roosevelt.

Chadron, Neb., Oct. 4.—Governor Roosevelt addressed a large gathering here Wednesday. State senator J. H. Van Dusen of South Omaha presented the governor with a set of spurs of the cowboy type.

Governor Roosevelt responded briefly expressing his thanks for the presentation. In the course of his speech he vigorously denied that he had said in the auditorium at Chicago after the Pullman strike, that "any man who engages in a strike or any man who goes where a strike is on should be shot."

Mr. Roosevelt also spoke at Broken Arrow and made short addresses at several small towns.

Bryan Still in Wisconsin.

Waukesha, Wis., Oct. 4.—W. J. Bryan had a comparatively easy day yesterday. He made less than half a dozen speeches and he traveled only by easy stages from Portage City to this place, speaking at Portage, Columbus, Watertown, Oconomowoc and Waukesha.

Columbia, S. C., Oct. 4.—In the Republican state convention here, for the first time since they were given the right to vote, the negroes took entire control of the Republican organization. The attempt to nominate a state ticket failed.

POPULATION OF ARKANSAS

It Shows an Increase of 183,385 Over Returns of 1890.

Washington, Oct. 4.—The census bureau publishes the returns for the state of Arkansas, giving the population by counties, townships and all incorporated towns. The population of the state in 1900 is 1,311,564 against 1,128,179 in 1890, an increase since 1890 of 183,385 or 16.25 per cent. This rate of increase is only about two-fifths of that of the decade from 1880 to 1890, when it was 40.58 per cent and less than one-fourth of that for the decade from 1870 to 1880, when it was 65.55 per cent. From 1860 to 1870 there was an increase of only 11.26 per cent, but prior to 1860 the population more than doubled itself during each decade, and for the decade from 1830 to 1840 showed an increase of 231.69 per cent.

The population of Arkansas in 1900 is more than 90 times as large as the population given for 1820, the first census taken after its organization as a territory in 1819.

The total land surface of Arkansas is, approximately, 53,045 square miles. There are 184 incorporated towns, cities and villages in Arkansas. This does not, however, include the cities over 25,000, all of which have been announced.

ANOTHER NOTE FROM EMPEROR OF GERMANY.

He Now Appeals to the Powers to Have the Various Ministers Investigate Conditions There.

Berlin, Oct. 4.—An official of the foreign office informed a correspondent of the Associated Press that Germany has issued a second note to the powers regarding the method of securing punishment for those guilty of outrages in China. This note is issued as a result of the edict of the emperor of China beginning proceedings against Prince Tuan and others.

The note is as follows:

"The emperor of China has addressed to the powers an edict dated Sept. 25, in which he orders the punishment of a number of princes and dignitaries mentioned by name for having encouraged the boxers. On the assumption that the edict is genuine, the German government in furtherance of procedure proposed in its circular note of Sept. 17, has further proposed to the powers to come to an agreement to instruct their diplomatic representatives in China to examine and give their opinion on the following points:

"First, whether the list contained in the edict of persons to be punished is sufficient and correct.

"Second, whether the punishments proposed meet the case.

"Third, in what way the powers can control the carrying out of penalties imposed."

Information received up to the present concerning the reception of this note by the powers justifies the belief that a general understanding on this matter may be looked for.

BETTER UNDERSTANDING.

Washington Officials Believe the Way Open for Peace Negotiations.

Washington, Oct. 4.—Consideration of the propositions submitted by the German government relative to the designation and punishment of the responsible authors of the Chinese outrages convince officials here that they open the way to the settlement of the Chinese question.

The officials felt at first that Germany intended to delay the adjustment of the troubles in the hope of obtaining territorial reparation for the murder of her minister and the injuries sustained by her subjects and that the plan to force the Chinese government to surrender those Chinese who should be designated was in line with this purpose. This fear has been largely dissipated by the new suggestions which meet in a large part the views of this government.

It is understood to be the purpose of the administration to take advantage of the bettered situation to formulate a method of settlement of the Chinese question. This will be discussed by the cabinet when Mr. McKinley returns to Washington.

In connection with the character of punishment that the Chinese government will be required to impose the reply of the German emperor to the communication from the emperor of China is looked upon as very important. It shows that the German monarch purposes to be the judge not only as to the adequacy of the punishment, but also as to who should be punished, and is in accord with the note addressed to the powers.

FRIDAY, OCT. 5, 1900

A. O. U. W. at Galveston.

Grand Recorder Joe B. Reed has received census cards showing the condition of forty-two members of the A. O. U. W. lodge at Galveston. The cards show property valuation before the storm and appraised losses. There are about twelve more members to hear from. The cards were gotten up to ascertain the amount of relief needed. The loss so far foots up about \$75,000, but this amount is divided among rich and poor members. The well-to do are not relief claimants, to the end that their less fortunate brethren who have lost all or who are not able to repair the damages, may be helped out of their difficulties more liberally. Recorder Reed states that he feels satisfied that sufficient relief from the members of the Ancient Order of United Workman in Texas as well as elsewhere throughout the United States will be sent to meet the demands of the work which he thinks will come under \$14,000. The members of the A. O. U. W. help their brethren when overtaken by disaster, as will be seen from the above.

Texas State Fair.

Sept. 28th to Oct. 14, 1900 H. & T. C. will sell round trip tickets to Dallas. Fare, \$5.40; limit Oct. 15. Ticket to be stamped by depot ticket agent before good for return.

ANOTHER NOTICE POSTED

In Addition to Increase the Company Willing to Listen to Grievances.

Shenandoah, Pa., Oct. 4.—The following notices were posted here and throughout this region Wednesday afternoon.

"The Philadelphia and Reading Coal and Iron company.—Pottsville, Pa., Oct. 4.—This company makes the following announcement to its mine operatives: It will adjust its rate of wages so far as to pay its mine employees on and after Oct. 1, 1900, a net increase of 10 per cent on the wages heretofore received and will take up with its mine employees any grievance which they may have.

"R. G. LUTHER, "General Superintendent."

Below the above was this notice: "Fellow workman: Pay no attention whatever to these notices. Wait until you hear from the convention.

"C. S. POTTIER."

Mr. Pottier is a local organizer and leader.

The Redding company's new offer differs from the one adopted on Saturday and posted Monday in that it definitely makes the offer of a 10 per cent advance in wages and agrees specifically to arbitration.

Strikers Still Refuse.

Philadelphia, Oct. 4.—There is no material change in the strike situation. Strikers still refuse to accept all offers of operators.

MARK TWAIN'S RETURN.

Coming Back to Stay After Nine Years' Residence in England.

New York, Oct. 4.—Mark Twain will leave London next Saturday to make his home in the United States, after a nine years' residence in Europe. He returns, he says, feeling like a boy rejuvenated in body and in spirit and mind.

The great humorist will spend the winter in New York and will go back to his old home at Hartford, Conn., in the spring.

He avers that nine years contact with Englishmen and continentals has assured him that the Anglo-American pact exists.

"England," says he, "is the best friend we have got in Europe and we are the only friend she's got on earth. No one ventures to suggest a formal offensive and defensive alliance, but it is our mutual interest that sentiment along that line should grow in the hearts of our people. The time is coming when each of the two great people will need it in their business. It is out of my line to be pessimistic, but I think that the Chinese concert, which has already become a comedy is likely to end in a tragedy. When the crash comes it will be best for England, best for America and best for the world that the union jack and the stars and stripes should wave together."

Young Nave in Trouble.

St. Joseph, Mo., Oct. 4.—A message was received from the Norfolk navyyard stating that "Fritz" Nave, the young millionaire of this city who a few weeks ago in a spirit of patriotism, joined the United States navy, expecting to see foreign service, is now in irons aboard the Franklin. The expected trip around the world, visions of fighting the yellow hordes in Chinese waters denied him, now he is anxious to get out of the service. But he is there for a term of five years unless the unexpected occurs. The fact greatly nettled the young man, and the fact that he saw nothing further than duty upon the receiving ship has been responsible for disobedience of orders.

Charged With Discrimination.

Philadelphia, Oct. 4.—A United States warrant was issued for the arrest of Isaac A. Sweigard, lately general superintendent of the Philadelphia and Reading railway company, charging him with discriminating against and discharging employees of the Reading railway because they were members of the brotherhood. Four members of the brotherhood subscribed to the affidavit upon which the warrant was issued.

Arrested for Bigamy.

Danville, Ind., Oct. 4.—Daniel B. Maze of Mattoon, Ill., is in jail here on a charge of bigamy. He came here and was married to Miss Sadie Stapp. The couple left on a wedding trip. In the meantime a brother of the bride heard that Maze had a wife living in Mattoon, and a trip there proved the story true. Stapp returned and immediately had Maze arrested, and in default of \$800 bond he went to jail.

Fifteen Years for Arson.

Texarkana, Tex., Oct. 4.—Cleveland Kelly, a negro boy of 17 years, was convicted of arson here and sentenced to 15 years in the state reformatory. His younger brother, James, who was indicted on a like charge, was discharged. The convicted man confessed having burned the Little Rock Cooperage company's dry kiln on three separate occasions, entailing a total loss of \$15,000.

Killed in a Gin.

Terrell, Tex., Oct. 4.—Bud Anderson was killed at Abner Tuesday. He got his arm caught in the gin saws, which cut it into shreds up to his body, causing his death in a few hours.

Killed by a Fall.

Lockhart, Tex., Oct. 4.—A drunken Mexican fell from a trestle on the railroad track near here and killed himself instantly. Parties near the place saw him fall.

Released on Bond.

Gatesville, Tex., Oct. 4.—C. W. Brown charged with the killing of Obe Wilson, was released under a \$500 bond to await the action of the grand jury.

ROBBER SHOT DOWN.

An Express Messenger Kills Him While Holding up a Train.

ONE THIEF ESCAPES.

The Train Was Held up by Two Men, Express Door Blown Open, When One of the Robbers Was Shot by Messenger.

Council Bluffs, Oct. 4.—Express Messenger Charles Baxter saved his car from being robbed and sent one of two robbers to his grave three miles south of this place at 12:30 o'clock this morning. The dead robber is a powerfully built man, black hair and mustache, about 6 feet tall and apparently 45 years old and seems a stranger in this vicinity.

The two men boarded the Burlington train at the Union Pacific transfer and climbed over the tender just as the train was crossing Mosquito creek bridge. Engineer Donnelly and the fireman, were ordered to slow up as soon as the train had crossed the bridge. While one man held a revolver on the engineer his companion went back and cut off the baggage and mail cars, leaving the day coaches and sleepers standing on the main line.

Acting under forced orders the engineer pulled the train down the track where a stop was made. Here the robbers approached the express car and ordered Messenger Baxter to open the door. He refused. Under compulsion Engineer Donnelly attached a stick of dynamite to the side door of the car and blew it open. In the meantime Messenger Baxter seized his gun and escaped from the door on the opposite side of the car. As soon as the door was opened one of the robbers entered the car while his companion marched the engineer and fireman back to the engine.

Baxter crept around in front of the engine and seeing the robbers keeping guard over the engine crew, fired one shot killing him instantly. As soon as the shot was heard the robber in the car jumped to the ground and fled through a cornfield.

The dead man was picked up and the train was backed into this city.

The robber inside the car was preparing to blow the safe at the time his companion was killed. He got nothing.

WIFE GETS THE DIVORCE.

The Husband Admits Falsity of His Charge and Withdraws Them.

Austin, Tex., Oct. 4.—An interlocutory judgment was entered in the Fifty third district court this morning in the case of W. J. Daugherty vs Elith M. Daugherty, granting the defendant a divorce and custody of child and restoring her maiden name.

The defendant is a daughter of Judge W. H. Lessing, a well known attorney of Waco. Daugherty brought action and made allegations against his wife which were severe. These allegations were the cause of a shooting affray in the district court room at Waco when relatives of the wife met the husband.

In the final proceedings the plaintiff admitted the falsity of the charges by withdrawing the petition he had filed, and Judge Morris granted the defendant a divorce on her crossbill, which alleged the falsity of the charges made, and upon the grounds of cruelty.

The property rights will be settled later. The estate involved in the controversy is valued at \$15,000.

ENGLISH ELECTIONS.

The Conservatives Hold the Power by Enormously Increased Majorities.

London, Oct. 4.—The Conservatives have held New Castle by enormously increased majorities, and Captain Lambert of the British cruiser Powerful, upon whom the Liberals counted to deal a crushing blow to the government, find himself at the bottom of the poll. James Laurence Carew, the Irish Nationalist, has been defeated in the contest in College Green division of Dublin, which he represented in the last parliament, opposition to him growing out of the fact he attended the levee of the duke of York. The total number of members of parliament returned to date is 309, as follows: Ministerialists, 220; Liberals, 54; Nationalists, 35.

STILL FINDING BODIES.

An Average of Twenty-Five Taken from the Wrecks at Galveston.

Galveston, Oct. 4.—The finding of corpses seems never ending. An average of 25 a day are being recovered. Certainly now the dead in the city will exceed 5000, beyond the city limits 1200 and on the mainland more than 1000, making over 7000. The commercial conditions are improving.

The police have been ordered to arrest all idle men in the city, it being no place for men who are unwilling to work. Cotton and grain are coming into the city as fast as can be taken care of.

The Injunction Not Issued.

New York, Oct. 4.—The motion for an injunction to restrain Edwin Gould, president, and other directors of the St. Louis and Southwestern Railway company from conducting the annual election of directors at St. Louis, was marked off the calendar of the supreme court today by Justice Lawrence on application of counsel on both sides.

RULING IN PUERTO RICO.

Comptroller of the Treasury Decides as to Marshals and Deputies.

Washington, Oct. 4.—Dr Tracewell, the comptroller of the treasury, has rendered a decision as to the payment of court expenses and compensation of United States deputy marshals connected with the United States district courts of Puerto Rico. The disposal of the funds earned by them, to what authority the marshal should report, account for the disbursement of funds coming to his hands, and the use and supply of books and blanks needed for his office are included.

These questions involve an interpretation on that part of the Puerto Rico act relating to the courts of the island. The comptroller holds that the Puerto Rican act differentiates this court from the other United States district courts, either in the states or territories, and that the salaries of its officers, including that of deputy marshals, shall be paid out of the Puerto Rican treasury, and that the expense of all these officers shall be paid out of the Puerto Rican treasury, also all fees earned by them are to be accounted for and reported to the United States. But one class of United States deputy marshals, the comptroller decides, is privileged to be appointed by the Puerto Rican court, namely, a class to be paid out of the treasury of Puerto Rico.

The comptroller of the treasury further decides that all the operating expenses of the court should be paid by the United States, that the fines, costs and fees charged and collected by the marshal should be paid into the treasury of the United States, that the marshal should report to the attorney general of the United States and account to the accounting officers of the United States, that the deputy marshals shall be paid their compensation from the Puerto Rican treasury and that the department of justice is required to furnish the United States marshals with all necessary blanks for office.

THE BOER COUNTRY.

Consul General Stowe Presents a Sad Picture After the War.

Washington, Oct. 4.—An interesting picture of the Transvaal and Free State in August, after the wave of war had passed over the country, is presented in a report to the state department from United States Consul General Stowe, at Cape Town, dated Aug. 17, last. He had just returned to the Cape from a trip through the two republics. He says that for hundreds of miles all the wire fencing is down and cannot be used again. The posts have been burned for fuel and must be replaced with iron posts owing to the scarcity of timber. The plowing in progress is limited compared with former years and there will be a large market for American cereals. By March, 1901, agricultural machinery will be wanted.

Meat and live stock will continue to be imported. Johannesburg had only three days supply of meats when Mr. Stowe left the town. While the Boers who have returned are anxious to get to work several months must elapse before things settle down to a normal basis. The government is building a new line of railway from Harrismith to connect with the Orange colony system so that The Netherlands railway with its 200 per cent dividends will no longer have a monopoly in the Transvaal. There will be a big demand for bridge material and electrical machinery and supplies.

General Roberts has appointed an advisory committee to assist him in the reopening of Johannesburg and secure the return of the mining population upon which the prosperity of the town depends. It is questionable whether this undesirable element common to all mining towns will be allowed to return to Johannesburg.

A Disastrous Fire.

Williamsport, Pa., Oct. 4.—This city experienced the most disastrous fire in its history Wednesday. The Big Four shoe factory of J. E. Dayton & Co., occupying almost an entire square, with its stock, was entirely destroyed. Other occupants of the building who suffered total losses were the Royal Brand company and L. E. Whiteman & Co., book binders. Loss \$300,000.

Jackson's Widow Ill.

Baltimore, Oct. 4.—Mrs. Mary A. Jackson, widow of Stonewall Jackson, the celebrated Confederate chieftain, has arrived here and is now at the Church home and infirmary. Mrs. Jackson is suffering from a trouble that may require a surgical operation. She is being attended by Prof. L. M. Tiffany.

Imported Cotton Pickers.

Waxahachie, Tex., Oct. 4.—Large companies of cotton pickers continue to arrive here from south Texas, and every train is met by a number of farmers' wagons, anxious to take them out. It is estimated that there are between 5000 and 6000 transient cotton pickers in the county now.

Gin at Milford Burned.

Milford, Tex., Oct. 4.—The gin of the Milford Gin and Cotton company was burned here together with about 225 bales of seed cotton, some seed and a few cylinders of cotton. A car loaded with cotton seed was also destroyed. The property was insured for \$11,000.

Buried in the Same Grave.

Paris, Tex., Oct. 4.—Nicholas Anderson, the Choctaw who killed his brother, Ben Anderson, near Antlers, I. T., on Sunday night and then turned the weapon on himself, died Tuesday morning. They were buried in the same grave.

NOTICE.

We will be closed Wednesday and Thursday, 3rd and 4th, to attend the Photographers convention at Dallas.

Willis & Coleman.
